PROFESSIONAL SUMMARY

BCA (Bachelor of Computer Applications) student, currently in 6th semester, with hands-on experience building web applications, e-commerce platforms, and desktop software through academic projects. Comfortable across HTML, CSS, C#, and SQL Server, with additional working knowledge of WordPress/WooCommerce, Adobe Photoshop, and video editing. Enjoys solving practical problems through code and is looking for opportunities — internship, entry-level role, or further academic collaboration — to build real-world experience.

EDUCATION

Bachelor of Computer Applications (BCA) Currently in 6th Semester

Higher Secondary Education (+2), Grade XII Khwopa Higher Secondary School — GPA: 3.02

Higher Secondary Education (+2), Grade XI Khwopa Higher Secondary School — GPA: 3.50

Secondary Education Examination (SEE) Baylor International Academy — GPA: 3.55

ACADEMIC PROJECTS

LaptopSathi – Laptop E-Commerce Website (5th Semester Project)

- Built a WooCommerce-based laptop e-commerce site on WordPress with a custom-styled theme.
- Integrated Nepal-based payment gateways (eSewa and Khalti) and configured local shipping and VAT rules.
- Deployed the site to live hosting and produced complete project documentation.

Student Registration System (Desktop Application)

- Developed a C# Windows Forms application connected to a SQL Server database.
- Implemented login authentication, full CRUD operations, and a dynamically resizing student records grid.

Blog Management System (4th Semester Project) github.com/Itssuraj-1/Blog-Management-System

- Designed and built a web-based blog management system as part of academic coursework.
